Courses provide flexible options for different career pathways, self-improvement, professional development and general adult education.

We give our students the skills, tools and structure to learn in real life situations without compromising on academic excellence.

Recognition

All Careers Collectiv courses come with a certificate of attainment upon completion.

Our courses are accredited with the International Approval and Registration Centre (IARC), a non-profit association providing a quality control system for education programs and courses in international education.

Dairy Cattle Farming Business Certificate

Learn how to care for dairy cattle and run your own farm business

The course starts by giving you an introduction to dairy cattle farming before moving into areas such as cattle breeding, cattle diseases, nutrition and herd management. This module gives you all the information and learning you need to get out in the paddock and manage the herd.

The second module focuses on the numbers behind the business. This section covers a wide range of topics including introducing you to strategic planning, how to make a successful business plan and completing viability analysis to ensure that financial failure doesn't ruin the Aussie farmers dream you are aspiring for.

As with all Careers Collectiv courses we have a selection of electives so you can tailor your learning experience and focus on the areas that interest you most. There are endless job opportunities in this industry to apply for after completing this certificate or you could start your own farming operation. Either way, this certificate will elevate you above your competition.

Who is the course for?

This course is designed for students with no previous experience in cattle farming or anyone in the industry who is looking to upskill.

2 modules

200 hours

This course has 2 main core modules

- **Dairy Cattle Farming**
Everything you need to know about dairy farming
 - **Business Farm Management**
All the business components to running a successful farming operation
- + A selection of optional elective modules for an additional fee

Learn from experts in their field who guide you to see, do, think and experience learning on your own terms and at your own pace.

A well rounded learning experience

This Cattle Farming Business Certificate gives you a comprehensive understanding of what is involved in living a successful cattle farming dream. As with all of our courses you have the option to add on a variety of industry specific electives that will allow you to focus on the areas of learning that you want to pursue after completing your studies with us.

This course includes fully downloadable content and will become your 'farmers handbook' so you can take it with you on your journey to becoming a successful Cattle Farmer. If you have always envied those people who spend most of their life outdoors and immerse themselves in the Australian countryside for a living, then this is the course for you.

Assignments

Each lesson in your course modules culminate in an assignment which is submitted online, marked by the school's tutors and returned to you with suggestions and feedback by qualified Australian trainers with extensive experience in Melbourne's top education colleges.
